

The image displays a detailed architectural elevation of a building facade, oriented vertically. The drawing includes various window types, including a large multi-paned window at the top, and a door. Dimensions are provided for all major elements, such as window heights (e.g., 1.92, 2.10), widths (e.g., 1.10, 1.46), and overall facade dimensions (e.g., 7.56, 12.99). A series of numbered circles (1-5) are placed along the facade, corresponding to a table of materials and construction details on the right. The table lists materials like 'COKÓŁ - CEGŁA' (sill - brick) and 'ŚCIANY - TYNK CEMENTOWO - WAPIENNY CYKLINA' (walls - cement-plaster cyclopean), as well as construction details like 'SZAFKI TELETECHNICZNE' (tele-technical cabinets) and 'OKNA Z PROFILU PCV, JEDNORAMOWE' (single-frame PVC windows). The drawing is signed 'ARCH. IWONA DZIEDZIC' and includes a scale of 1:100.
